3 Railway Cottages, Bridge Road
Helen's Bay BT19 1TE

offers over £259,500

The Agent's Perspective...

"Within a short walk of Helen's Bay Square, the train station and the deceptively challenging Helen's Bay golf course, this neat, attractive townhouse has a great deal of appeal.

The style is that of a period railway cottage but the interior is very definitely 'up-to-date' as it features a contemporary shower room, striking kitchen with granite worktops, gas fired central heating and uPVC double glazing.

Set off by artificial grass and planting to the front and an enclosed, sunny patio to the rear with raised timber planters, this is a home which should require the minimum of upkeep and is therefore likely to appeal to a busy professional, couple or those who wish to travel and be sure to do so for extended periods knowing the house will be 'as is' on their return.

A really practical and easily managed home. Telephone today to book an appointment"

Additional information

In accordance with the European Performance of Buildings Directive, all property being marketed For Sale or To Rent must have an Energy Performance Certificate (EPC). The rating establishes the efficiency of a property and what steps could be undertaken to improve its performance in an effort to reduce energy consumption and associated carbon dioxide emissions. There is no 'pass' or 'fail' level.

An EPC currently has a 'life' of 10 years and becomes part of the documents associated with that property. It can be transferred on completion of sale to the new owner(s) and would normally only be superseded by a new assessment after energy saving improvements have been carried out.

A copy of the EPC and Recommendation Report must be available to any interested party. The full Report can be viewed via our web site rodgersandbrowne.co.uk.
